Yeah.
So she sent me this. I emailed her back and asked for the Race column to show for all students. I know who is B, but I want it on the report.

Definitely some patterns and implicit bias going on!

Haven't seen the new report yet.

So the AP uses the teachers name under “referred by”?

They submit the PDF referral to the APs who enters it into Skyward. I need a report that lists “Referred by” ☺

That’s a start! If teachers are entering referrals into Skyward you would want to see this report...by “discipline officer”. That *can* be a teacher if they’re using Skyward this way. How else do teachers write referrals?

Hi,

What is in Skyward is entered by one of the CHS AP's. I'm not sure how the teachers send the student's discipline to each AP. I can send you the Action Summary and Details by Discipline Officer if you like or show you how to view in Skyward.

Thanks 😊

Hi, again.

I meant discipline referrals. Is there a way to pull Skyward discipline so I can see how many times a discipline referral was submitted by a teacher?

Hi,

That will probably have to come from Matt Hollowell or Kelly Wade. They are over the Gradebooks for teachers.

Thanks 😊

Hi, Vicki,

How can I pull a report from Skyward that will show me the number of referrals each teacher wrote last year? 🙄
